December 2020

To our Main Line Martin Luther King Association Friends:

This year, every community has had to confront the devastating physical, emotional, and economic effects of COVID-19. While racial and socioeconomic inequities existed prior to the onslaught of COVID-19, the pandemic has only exacerbated their impact. The Main Line Martin Luther King Association was formed in 1983 in the pursuit of building a conscious awareness of the contributions of Martin Luther King on the Main Line. Its purpose is to make Dr. King's dream of social and racial equality and freedom from discrimination a reality on the Main Line and in giving scholarships to worthy high school students going on to higher education. This mission is particularly crucial this year as many college students have struggled to finance their education due to the COVID-19-related economic losses their families and academic institutions are experiencing. These students need our help more now than ever before.

Thus, we are sincerely asking you to consider making a generous donation to the Main Line Martin Luther King Association's College Scholarship Fund. Our scholarships, which cover a modest fraction of the recipients' total educational costs (approximately the cost of textbooks), provide both financial support and important positive encouragement for the young people who receive them. Each year we receive numerous applications from excellent candidates but due to lack of funds, we must turn away many of these talented and worthy students. **Our goal this year is to help 15 students with a total goal of \$7500.** We would greatly appreciate your help in reaching this goal.

The Main Line Martin Luther King Association is a charitable organization recognized as tax-exempt by the IRS under Section 501(c)(3). If you would like to sustain and grow the impact that the Main Line Martin Luther King Association can make on the futures of many deserving students, please consider making your tax-deductible donation to our organization today.
